

Midland Counties League 2009

1st August 2009

Leicestershire men played Nottinghamshire at Nottingham and Leicestershire needed eleven points to guarantee they would win the league. The horrendous weather in the midlands put the game in doubt but it eased up and the game got underway and Nottinghamshire started off as if it were they who were playing to win the league. At five ends Leicestershire were eighteen shots down and winning on only Steve Wades rink and at ten ends with the weather getting progressively worse Leicestershire were twenty eight shots down and still only winning on Steve Wades rink but the word from Derbyshire that they were winning against Northamptonshire meant that Leicestershire could win the league with five points if Derbyshire won their game. The next five ends were crucial and Leicestershire piled on the pressure as Nottinghamshire struggled to cope with the weather and at fifteen ends Leicestershire were one shot up and winning on four rinks and drawing on one but the weather was making it impossible to play and it was decided to come off the green for half an hour to see if it improved. The weather did not improve and it was decided to abandon the game and the result was Leicestershire won the match 104-96 and nineteen points to three and Leicestershire have retained the Midland County league. Leicestershire's highest winning was Jim Leckie, Andy Wye, Ian Lockington and Steve Wade with a thirteen shot win against the rink skipped by R Pierce. However this was a team effort with Dean Harrisons rink coming back from eleven shots down to win by three shots, Andy Irons rink coming back from fifteen shots down to draw, Chris Rodgers rink coming back from seven shots down to win by five shots and Dave Simpsons rink coming back from four shots down to win by one shot
